

Jesus is the Bread of Life

God is Good at Bread

Review

Quarter 6

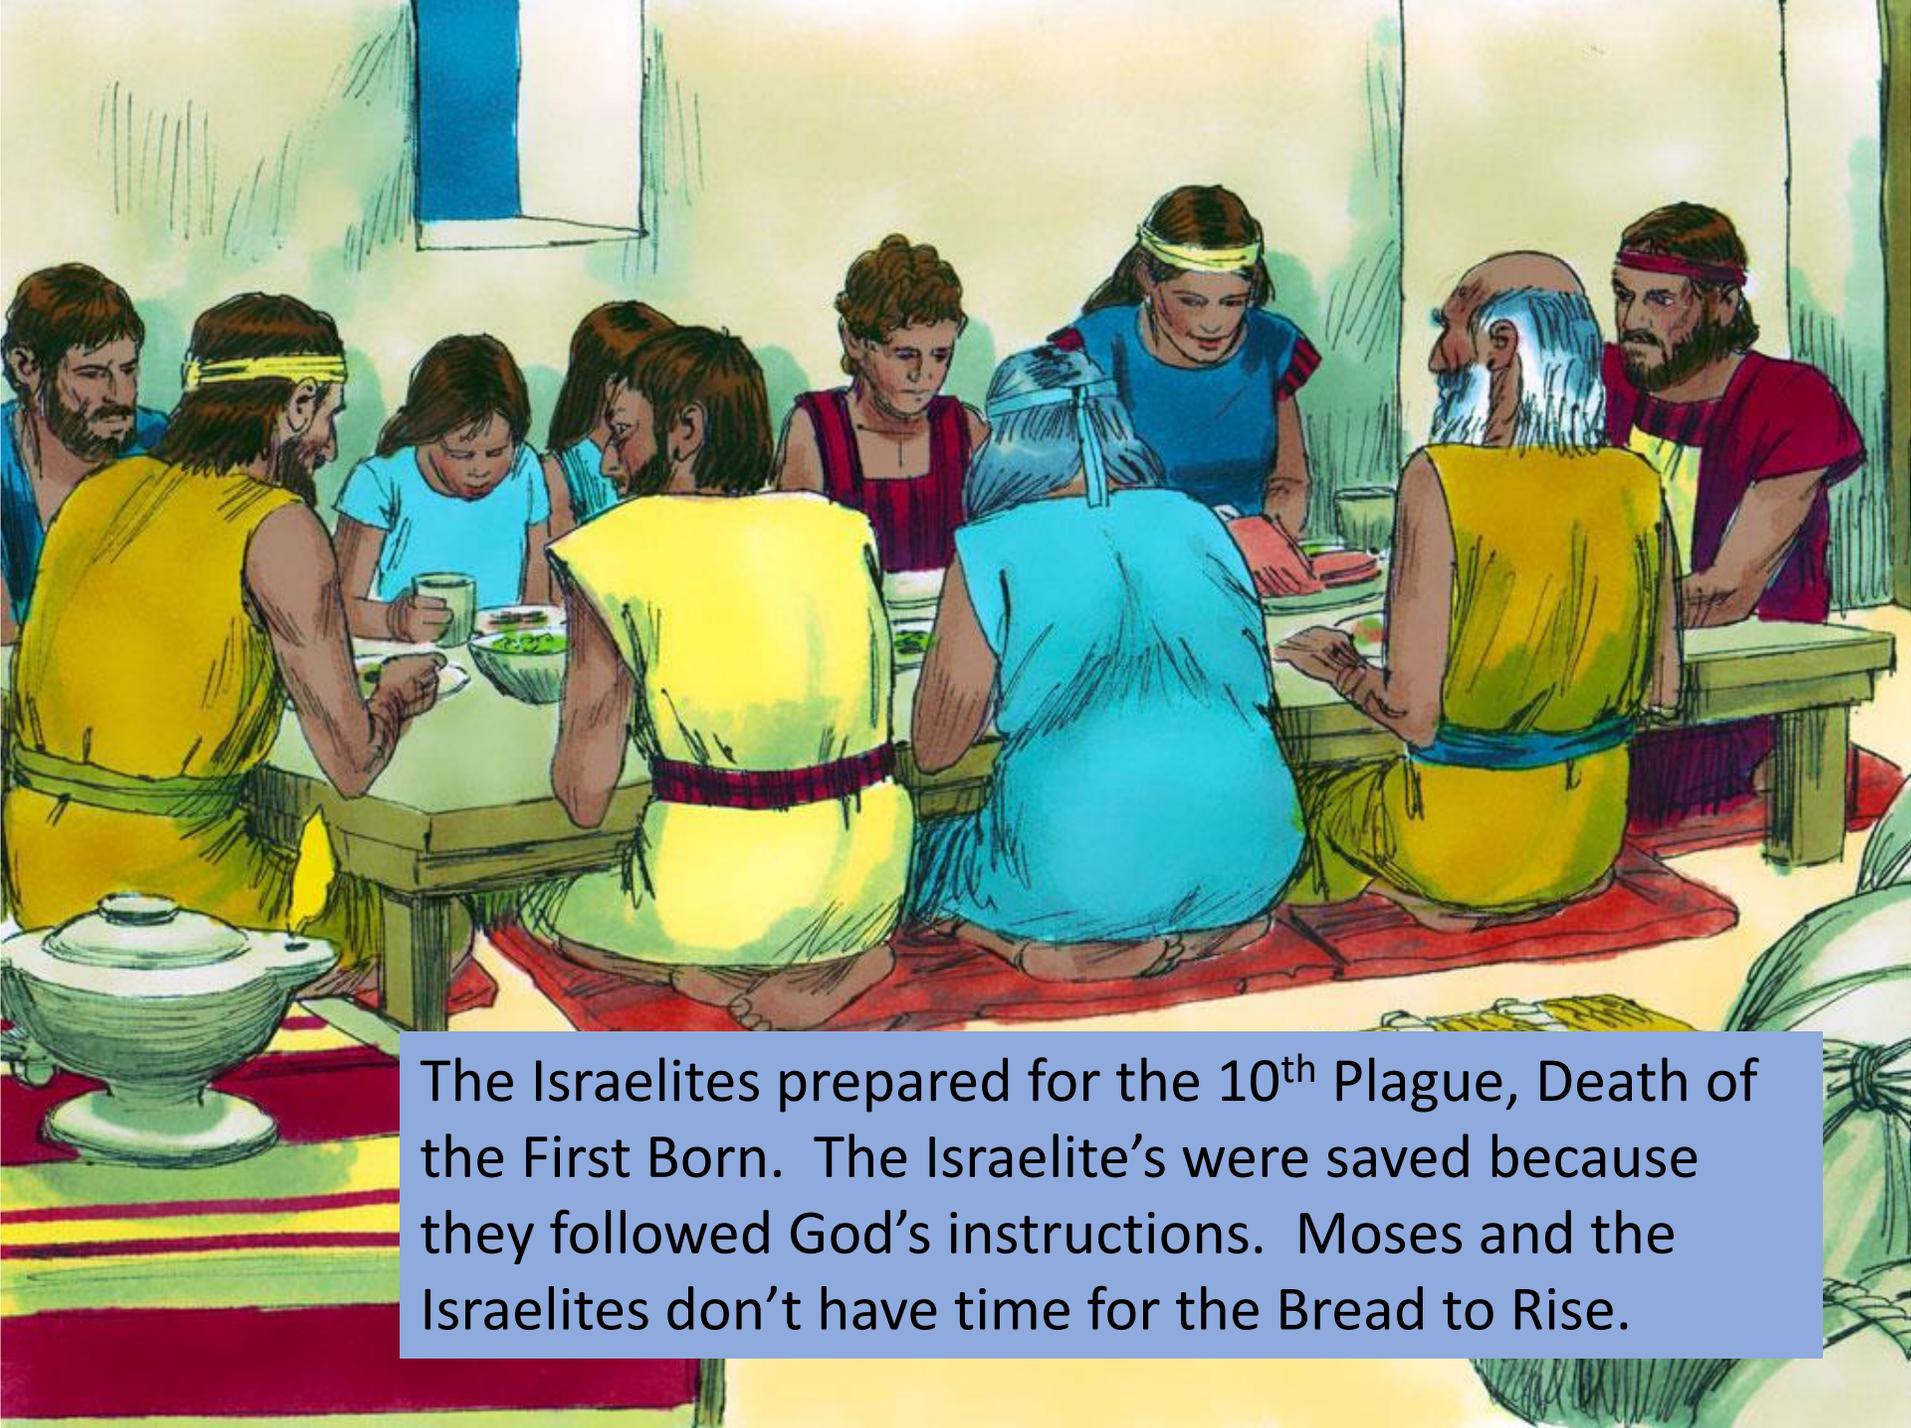

Lesson 14

God planned and gave us everything we need to make bread. On day three of creation, God created grains from which bread is made. God also made trees on day three, from which oil comes from. Yeast is a plant of fungus made on day three. God didn't just give us bread, he planned and gave us every kind of food we would need to be healthy and strong.

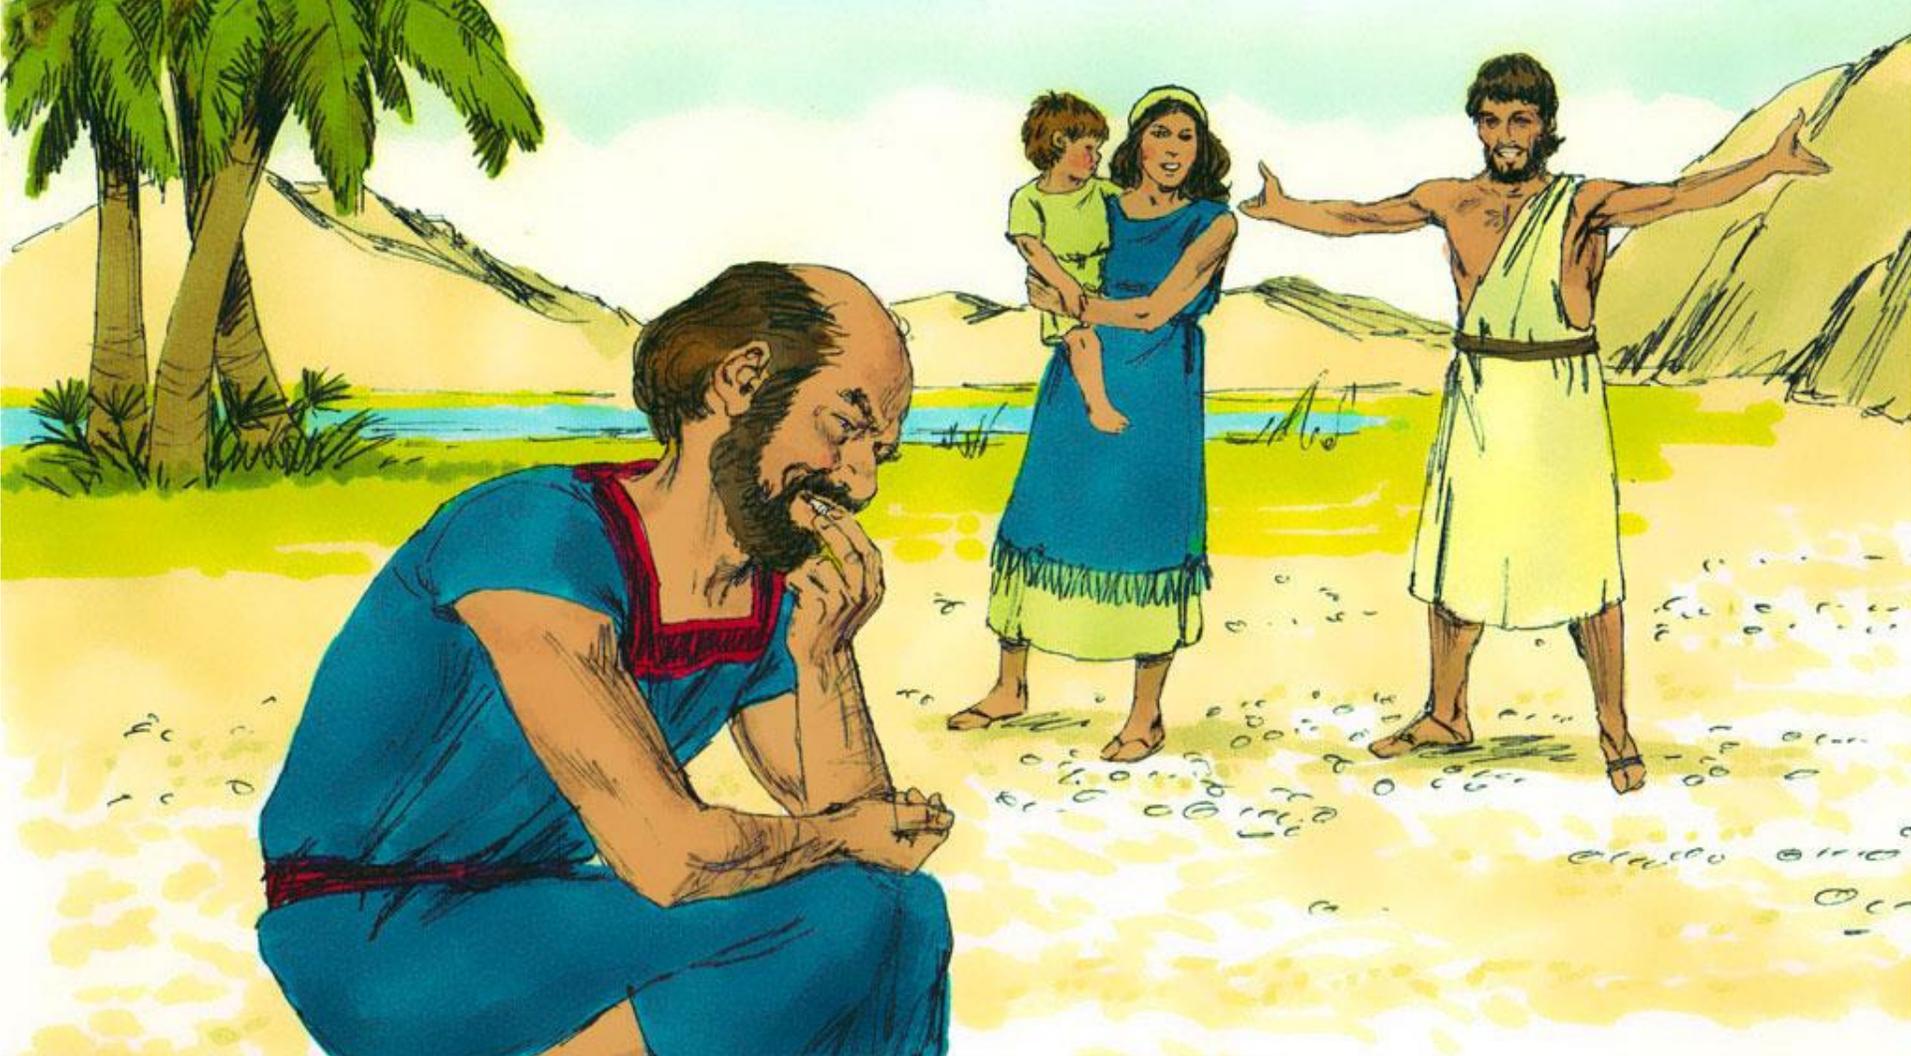

God helps Joseph provide grain, for making bread, for his family when the famine comes.

The Israelites prepared for the 10th Plague, Death of the First Born. The Israelite's were saved because they followed God's instructions. Moses and the Israelites don't have time for the Bread to Rise.

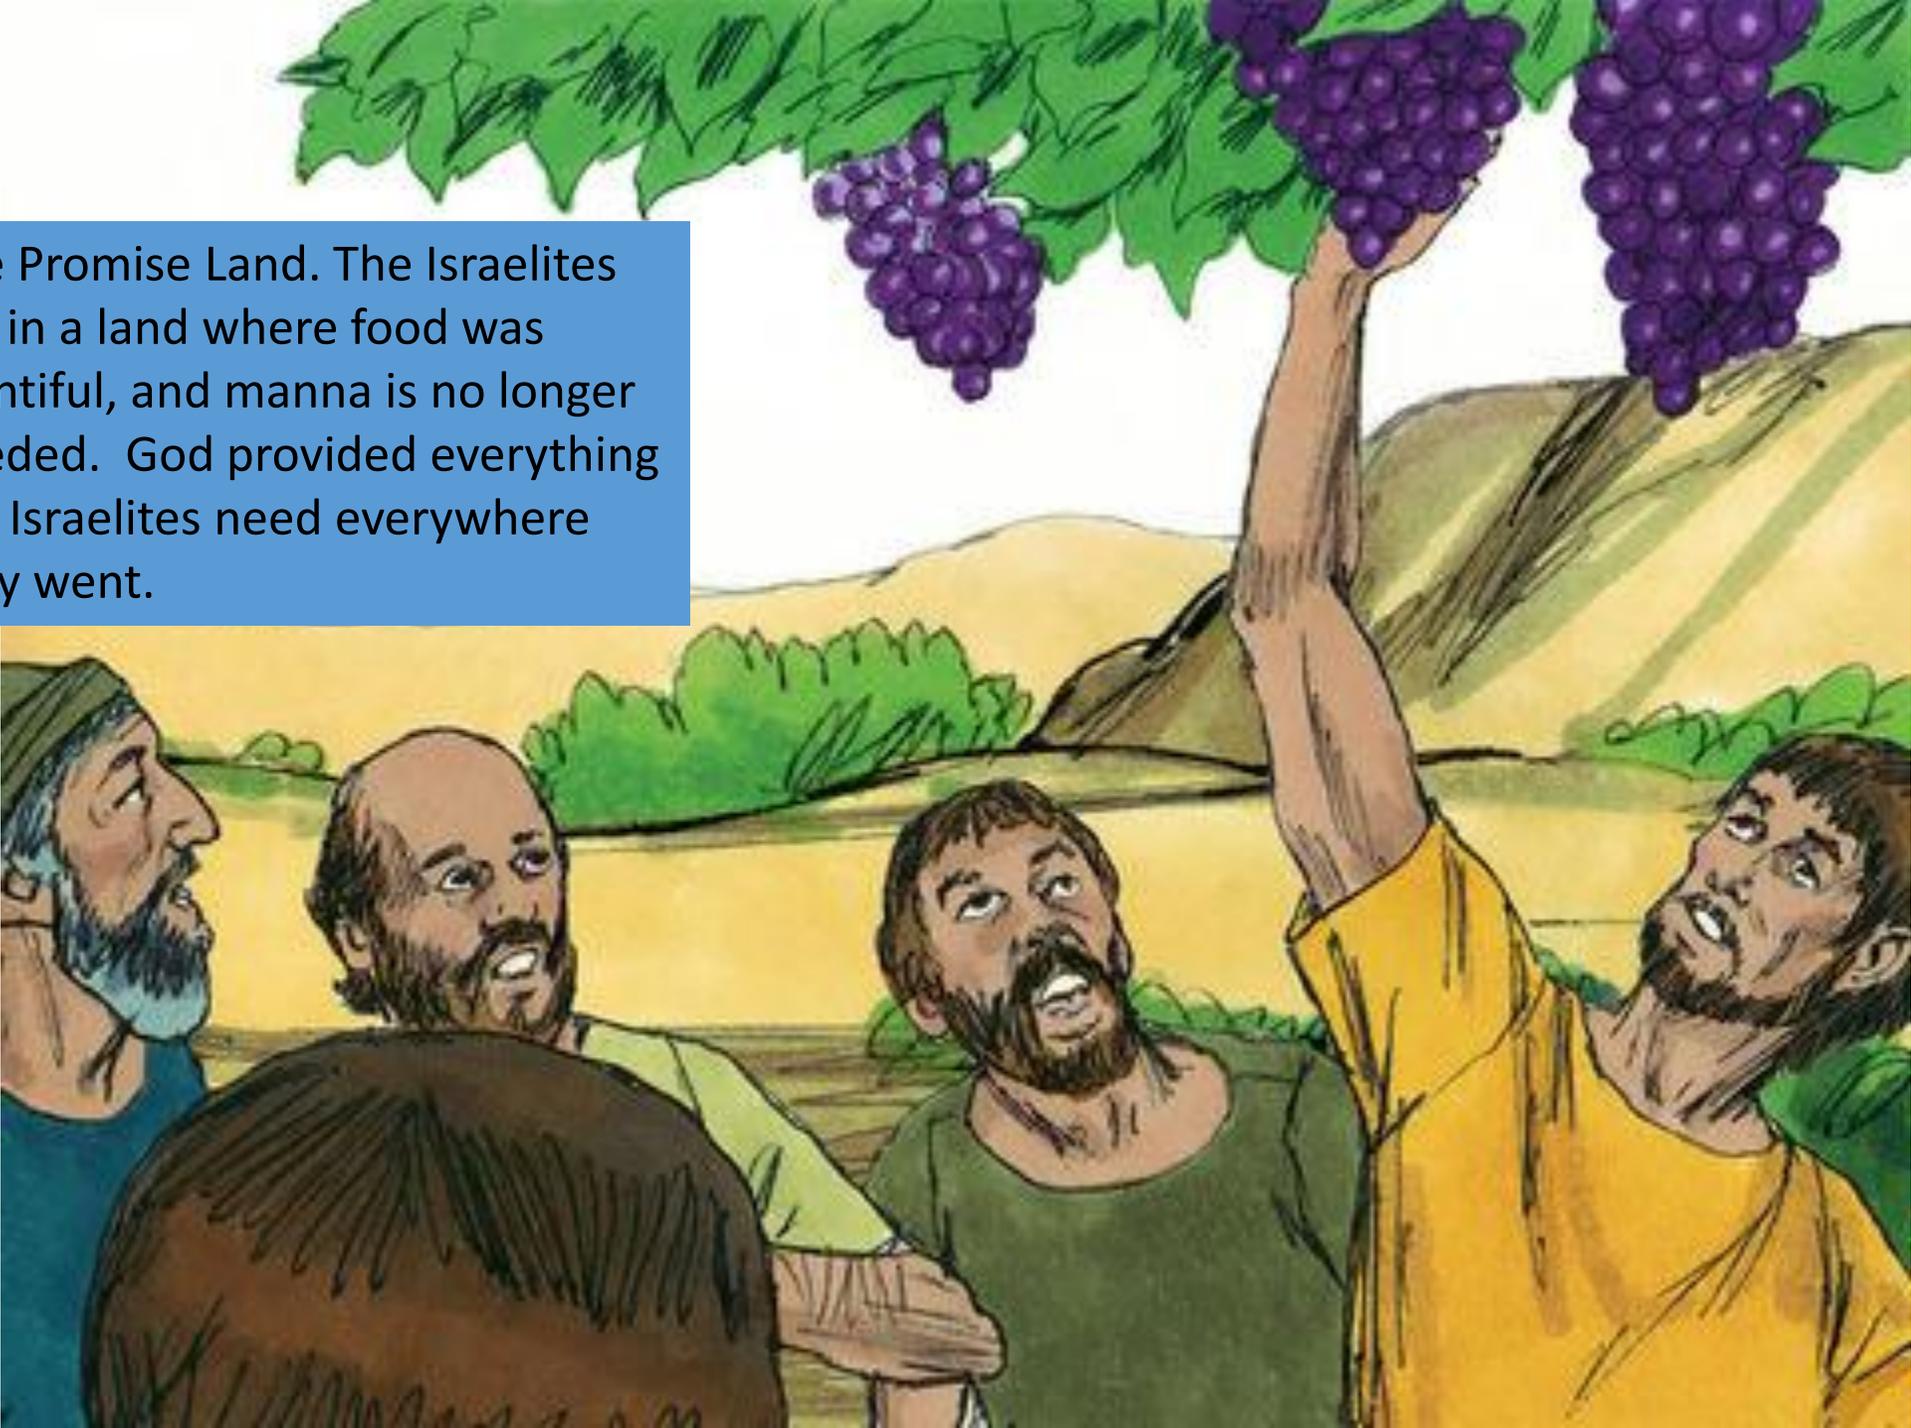

Lesson 17

God provided bread for the Israelites in the wilderness. In the morning there was a layer of dew on the ground which dried up and became like thin flakes of frost on the ground. 'What is it?' they asked Moses. The Hebrew word for 'what is it?' is 'manna'.

Lesson 18

The Promise Land. The Israelites are in a land where food was plentiful, and manna is no longer needed. God provided everything the Israelites need everywhere they went.

God took care of Elijah when there was a famine in the Land. Ravens fed Elijah bread and meat.

The Widow trusted God and shared her supplies to make bread for Elijah. When she looked in the flour bin there was flour left for the next day. The flour and oil lasted until the famine was over.

The stew was not good. It made the peoples tummies hurt. Elisha saves the stew by adding flour, made from grain.

One day people are starving and the next day God provides cheap bread just as Elisha had prophesied.

Lesson 22

Parents read:
The Lord was with
King Hezekiah. He
was successful in
everything he did.

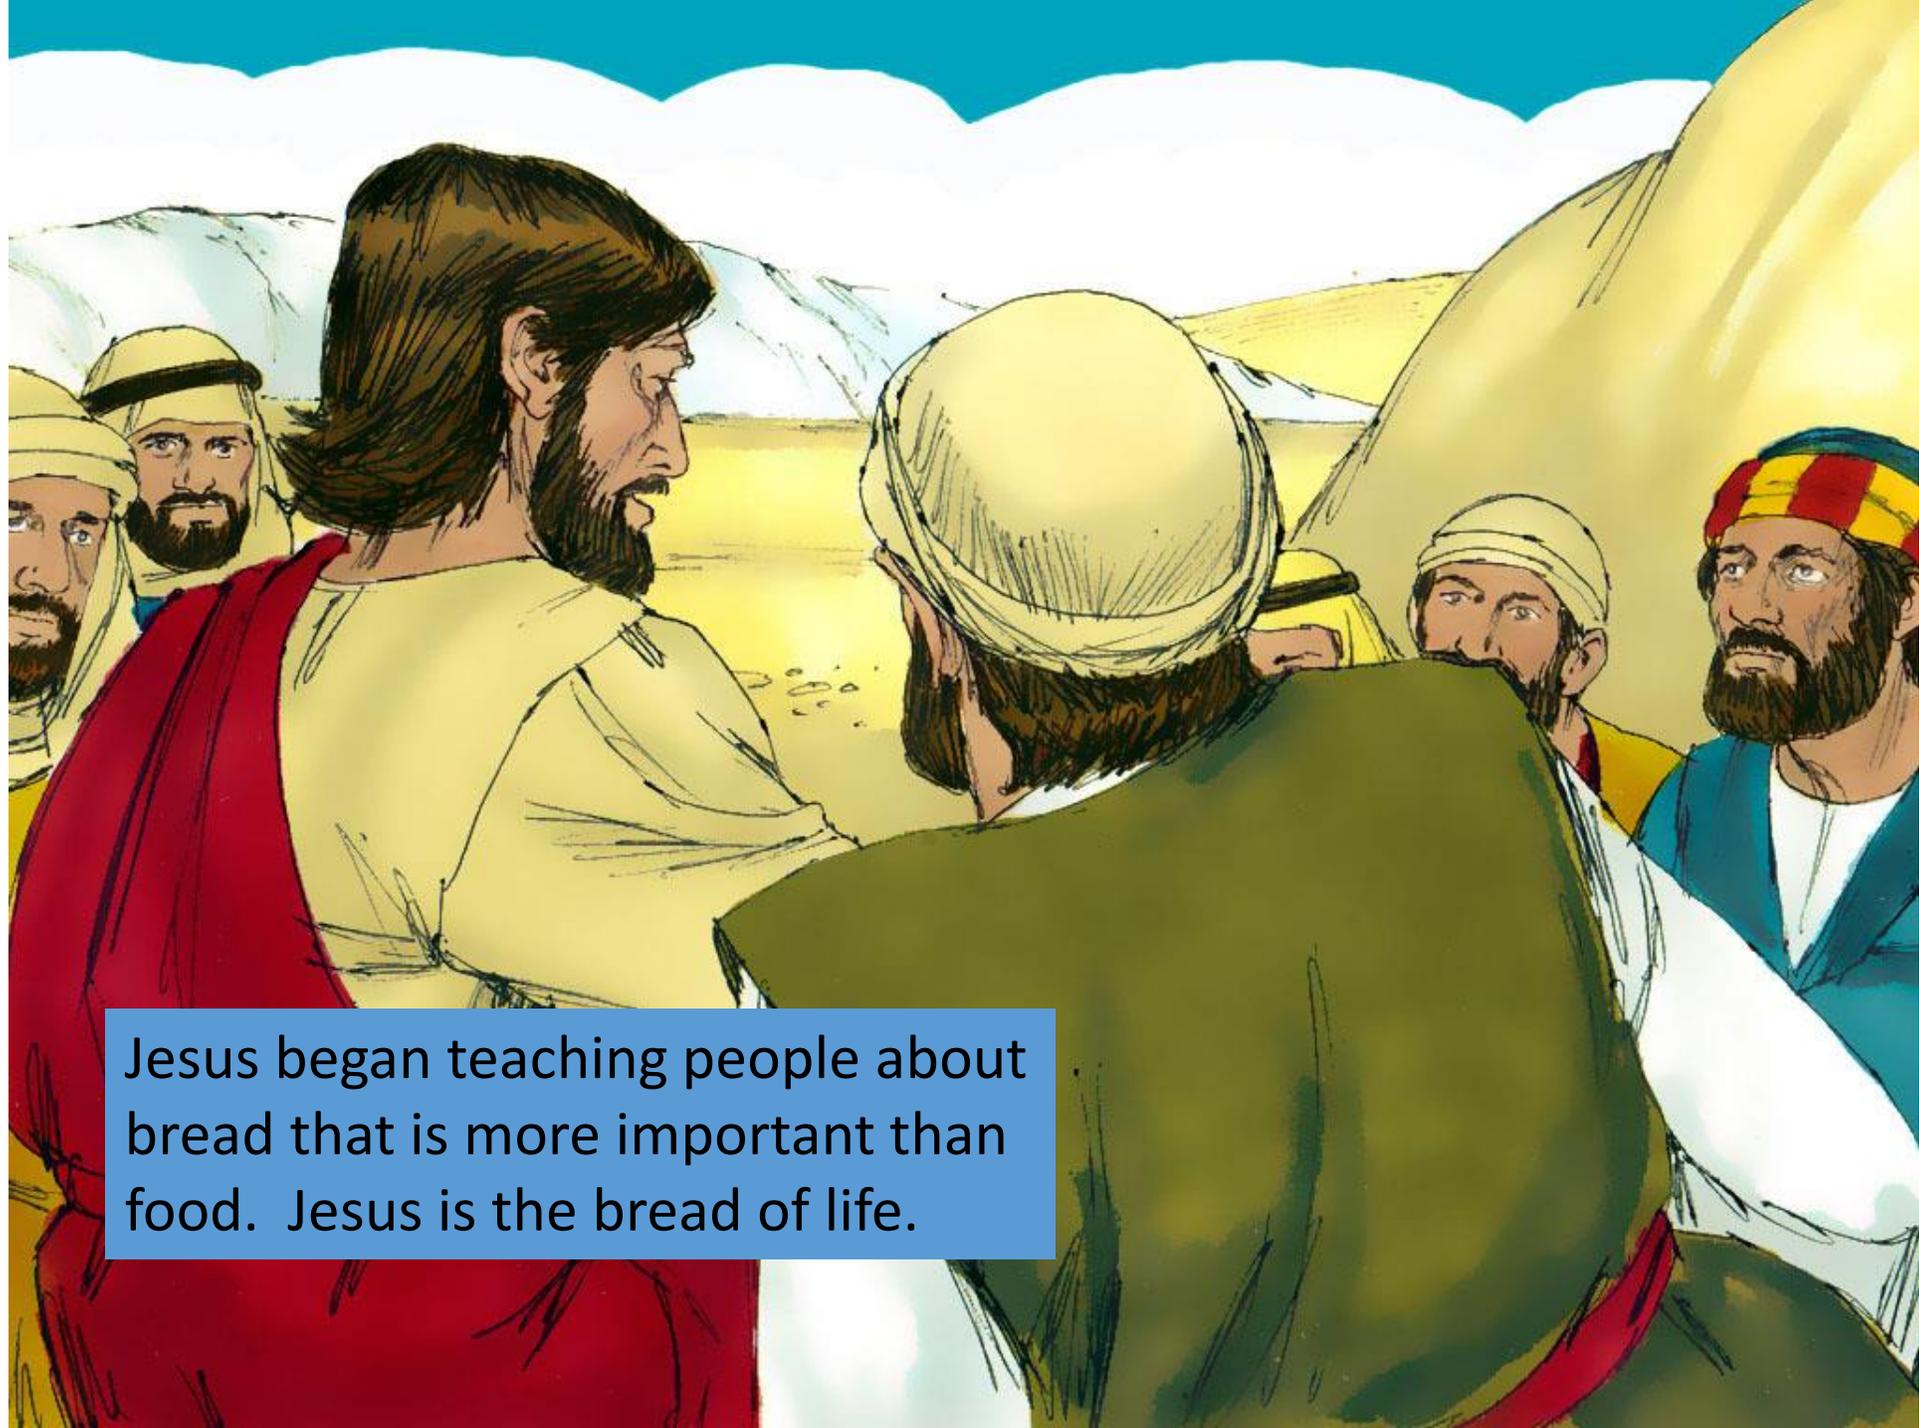

Child(ren) reply:
Praise the Lord

Lesson 23

With no work being done on God's temple, God let their crops stop producing enough for them to eat.

Haggai told the people to think back to when the work on the temple stopped. That is when their crops stopped producing also.

Jesus began teaching people about bread that is more important than food. Jesus is the bread of life.

We REMEMBER Christ Death, Burial & Resurrection EVERY First Day of the Week by taking the Lord's Supper.
